

God always loves us

“We know that all things work together for good for those who love God.” (Rom 8:28)

movimiento de los focolares

Paul the apostle wrote a long letter to the first Christian community in Rome. He wanted to encourage them to believe in God and to always love everyone, even when things were hard for them.

Paul stayed for two years in Rome. He was under house arrest and had a guard watching him all the time.

But just the same he was able to preach the Gospel to many people. God has a beautiful plan for everyone and if we trust him, he will fulfill it.

Experience of Tommaso: Unfortunately, my father lost his job and we were all very worried about how we would manage. I remembered that Chiara Lubich taught us to keep loving all the time, even in difficult moments.

So I started to help around the house. One night my dad wanted a cup of coffee. I asked my mom to teach me how to make it and I prepared a really good cup of coffee for him.

A few days later, my dad found a new job and we were all very happy. I thanked our Father in heaven!
